## They Lower the Tax Boom on Thursday

If you've thought about it only the last few days this reminder is bad news for you: They lower the federal income tax boom this Thursday, April 15.

As a businessman I am reconciled to the chore of spending the first three months of every year compiling the previous year's figures for the newspaper, swimming through audits, company tax reports and what not.

But the thing I'll never get used to is the arrogance of the bureaucrats who constantly dream up changes in the Internal Revenue Service's Form 1040 so that your file of a year ago is almost useless as a reference point.

I had been working on my personal return, off and on, for about three weeks, but reached a crisis Sunday afternoon. All this despite the fact that I have compiled my personal return every year but one.

What happened Sunday was this: In the final assembly I discovered that Page One of the form accounted for gross income, and Page Two took care of deductions and established net taxable income. But the instructions telling you where to repeat this figure on Page One were confusing. It called for positioning this on Page One below the spot where you show the amount of the tax.

I went ahead and finished the return in hand-written copy on plain paper—then bundled everything together and forwarded it to our company accountant in Little Rock with instructions to check my figures and prepare the final report for signature.

It occurs to me this is all bad business for the Government. First, they are under the expense of supporting some extra help who do nothing but dream up changes in 1040; and, second, they force me to hire an outside man to decipher the changes they have made; then this fee will be deducted from next year's return.

Building up expense in Washington and reducing the tax collected in the field strikes me as a poor way to run a business. I am stupid enough to make money, usually, while the bright boys in Washington have gotten the country 400 Billion Dollars in Debt.

## Showers Are Expected in Arkansas

By THE ASSOCIATED PRESS

Showers are expected to spread across Arkansas tonight. The precipitation should develop in the western section of the state this afternoon as a front pushes toward the area. The front is moving faster at the north end than the south which means it will move into an east-west position across the central portion of the state.

Mild temperatures, accompanied by gusty surface winds, are expected to continue in the state.

Highs Sunday were mostly in the 80s. Highs today were forecast in the upper 70s and mid 80s with highs Tuesday mostly in the 70s.

Lows tonight should be in the upper 40s northwest to the 50s elsewhere.

Overnight lows include Fayetteville 59, Harrison 59, Jonesboro 60, Pine Bluff 54, Texarkana 57, El Dorado 50, Memphis 57, Little Rock 54 and Fort Smith 51.

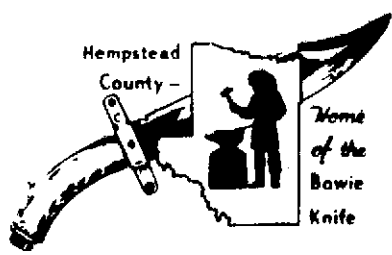

No rainfall was reported in the state during the 24-hour period ended at 6 a.m.

## Democrats to Challenge Every Issue

WASHINGTON (AP) — The 92nd Congress is at the quarter point of its first session and controlling Democrats have made clear they will mount challenges to President Nixon on virtually every major issue.

With a presidential election next year and half a dozen Democratic senators in the running for their party's nomination, the 92nd was destined from the outset to be charged with politics.

But the broad range of attack on Presidential policies exceeds that of other recent Congresses when one party controlled the White House and the other the Capitol, such as during the Eisenhower years.

Nixon's No. 1 domestic recommendation, a \$5-billion general revenue-sharing proposal, has all but been declared dead by foes in the House where it must originate.

His massive plan to reorganize the federal government and create four new big cabinet groupings is meeting heavy opposition in committees which must handle it.

His welfare-reform plan, a holdover from the preceding Congress, may be enacted but already has been rewritten substantially by the House Ways and Means Committee.

If it passes the House, it must face a hostile Finance Committee—Republicans as well as Democrats.

And on the Senate floor, a sizeable bloc of Democrats is determined to rewrite the bill to give higher payments to the poor and greater relief to the states and cities from rapidly mounting welfare costs.

Democrats in both Senate and House have voted for an end to U.S. fighting in Vietnam this year or next. This followed the President's refusal to set a date for complete withdrawal.

Democrats took the lead in pushing through a 10-per-cent increase in Social Security benefits early in the session in defiance of Nixon's wishes.

Democrats also moved swiftly against unemployment. They pushed through the Senate a \$1.75-billion bill designed to provide at least 150,000 public-service jobs this year. Early House action has been promised.

The Senate vote came in the face of strong administration opposition, with Secretary of Labor James D. Hodgson contending the Democratic measure went contrary to the President's special revenue-sharing plan in the manpower field.

Senate Democrats also ignored another of the special revenue-sharing proposals in pushing through a \$1.5-billion extension of the Appalachia Regional Development program.

## Would Force IRS to Simplify Tax Forms That Plague Public

By MIKE SHANAHAN  
Associated Press Writer

WASHINGTON (AP) — Sen. Charles McC. Mathias proposed today a 15-member commission to simplify Internal Revenue Service tax forms for Americans haggard and worn from the annual struggle with 1049.

In a speech prepared for the Senate, Mathias said purpose of the "advisory commission on federal tax reforms" would be to make "common, everyday American English" the official language of the IRS.

The Maryland Republican introduced legislation requiring IRS to submit to the commission any individual or joint tax forms issued after Jan. 1, 1972.

"This month, millions of Americans are emerging, haggard and worn, from the labyrinth of Form 1040, Schedule T, line 15 (b), Schedule R and related forms, schedules, declarations and instructions," he said.

"Although the Internal Revenue Service—contrary to popular belief—does not deliberately

## Petition in Judge Case Denied

LITTLE ROCK (AP) — The Arkansas Supreme Court denied today a petition filed by Prosecutor Alex G. Streett of Russellville to have the court disqualify Circuit Judge Russell C. Roberts of Conway from impaneling and charging a Pope County Grand Jury to investigate fees charged in Roberts' court.

The high court said the petition was denied because Streett had failed to first file the petition with the trial court.

The issue had little legal consequence, anyway, since Roberts disqualified himself last

## China Pledges Support to Pakistan

NEW DELHI, India (AP) — Premier Chou En-lai of Red China has assured Pakistan that the Chinese government and people will support the Pakistanis against any attack by India, Radio Pakistan reported today.

The broadcast followed India's denial of Pakistan's claim that two companies of Indian forces had crossed into Pakistan on Saturday. Pakistan said the Indian troops were wiped out.

Pakistan's central government is fighting a rebellion in East Pakistan. Radio Pakistan said Chou's message was sent to President Agha Mohammed Yahya Khan.

"Should the Indian expansionists dare to launch aggression against Pakistan, the Chinese government and people will as always support the Pakistan government and people in their just struggle to safeguard the state's integrity and national independence," the radio quoted Chou as telling Yahya.

For the third time in the last six days, an official Chinese statement—this time issued on Chou's behalf—said that the civil war in East Pakistan is purely an internal affair of Pakistan which can only be settled by the Pakistani people themselves without any outside interference whatsoever.

make its forms obscure and its instructions baffling, I believe that substantial improvements are badly needed."

His bill would limit the commission to a maximum of two attorneys or accountants and bank federal employees. It would represent all tax brackets, age groups, job categories and regions of the country.

In short, he said, tax forms would be submitted to "a panel of average taxpayers before the materials are printed by the millions and released to the general public."

Mathias said 1969 laws spreading changes in tax regulations over several years "make it especially important that all income tax forms and materials used by the general public be as clear, as concise, and as comprehensible as possible."

Mathias is also author of a bill prohibiting tax-return-preparation service from selling personal information without customers' consent.

## China Going All Out to Welcome American Table Tennis Players

By JOHN RODERICK  
Associated Press Writer

PEKING (AP) — The warm welcome extended by the Chinese to the visiting U.S. table tennis team and three American newsmen admitted to China to cover their tour offers encouraging prospects for wider people-to-people contacts between the Chinese and the Americans.

The table tennis team is the first U.S. group of any kind invited to the Chinese mainland since the People's Republic was proclaimed in 1949.

Our news assignment is to cover the team. But the biggest story of all—China—is all around.

It is too soon to say that all the barriers which have kept Americans out of China and Chinese out of America for so many years are coming down. But a hole has been made in the once impenetrable wall.

Not that official relations have changed or are about to do so. The Vietnam war and U.S. backing of Chiang Kai-shek bar the way to rapprochement. But the springlike warmth in U.S.-China contacts at this unofficial level cannot fail to melt some of the ice that has congealed in the long winter of hostility.

This is my first dispatch from China in 22 years. And Americans are welcome in the People's Republic—an event which would have seemed incredible only a few weeks ago.

I crossed the border from Hong Kong at 10:30 on a sunny Easter morning with John Rich and Jack Reynolds of the National Broadcasting Co. and two of their Japanese television crewmen, Hiromasa Yamanaka and Masaaki Shihara.

With us were four other newsmen, John Saar, an Englishman, and Frank Fischbeck, a West German, both of Time-Life, and Jose Schlesinger and Bob Whyte from the Canadian Broadcasting Corp.

Only Rich and I had ever been to China, and we were here in the years before the Communist takeover.

From the border to Peking, it was all smiles and handshakes. At Shumchun, across the border, we went through the complex of official buildings at

## Kiwanis Plans Variety Show Friday Night

Friday night of this week is the night of the 28th Annual Kiwanis Variety Show, the benefit show presented by the local Kiwanis Club each year in order to provide funds for their local Youth Programs and the Golden Age Club.

Over the past 27 years the Kiwanis Show has produced in excess of \$40,000, every penny of which has been used locally with most of the money used in various Youth Services.

The Kiwanis Club is, in truth, a Service Club. The local club is proud of its record of Community Service, and dedicates themselves individually and as a club to a continuing effort to make Hope a better place in which to live.

The Kiwanis Variety Show is a mixture of the very best talent available in our area and the very "corniest" characters one would want to meet. Grand Opera, it's not, but for one wanting to be entertained for an hour or so of good clean fun and enjoyable specialty acts, the Kiwanis Variety Show is just what the doctor ordered. There are fourteen specialty acts in this year's show, singers, dancers, skits, and some one can hardly catalogue, but every one entertaining. Then there are five "Country Characters" that will keep you laughing with their enlightening conversation.

If you would support the Kiwanis Club in their Community Service to Youth, plan now to spend an hour or so at the Happy Valley Store at Hope City Hall Auditorium on Friday night at 8 o'clock.

## Dayan Plan Rejected by Egypt

By THE ASSOCIATED PRESS

Egyptian officials rejected today an idea by Defense Minister Moshe Dayan of Israel, who favors withdrawal of Israeli forces along the Suez Canal provided there is a permanent cease-fire and "no Soviet or Egyptian troops will cross the canal."

The Egyptians said they were standing firm on their demand that Egyptian military forces must hold positions on the side of the canal now held by Israel.

"Egypt will accept nothing less," officials in Cairo said. "We have nothing new to add. Our position has been clarified by President Anwar Sadat's restatement of April 3."

In this restatement, Sadat demanded the partial withdrawal of Israeli forces from the Sinai Peninsula as an initial step to relinquishing all Egyptian territory occupied since 1967. Sadat said Egypt would then reopen the canal to navigation.

He also said the Egyptian army would promptly cross the waterway to "assume its national duties" as Israel withdrew.

He firmly rejected the demilitarization of Sinai or any Israeli presence at Sharm el Sheikh, a position overlooking the strategic Strait of Tiran.

Dayan put forth his idea at a news conference Sunday in Tel Aviv. Asked if the Israeli Cabinet is discussing how many miles to retreat from the canal, he replied: "I am not free to answer that." But he said any partial pullback "must lead to the kind of comprehensive settlement for which we are willing."

## Meet Tuesday at Diamond

The Hempstead County Cattlemen's Association will meet at the Diamond Cafe Tuesday night, April 13 at 7:30 o'clock, according to C.L. Roberts, President.

Royky Lynch, Trapper Supervisor of the Arkansas Game and Fish Commission from Conway, Arkansas, will be the guest speaker. He will discuss wolf control with those in attendance. Farmers with wolf problems are encouraged to attend this meeting.

Plans will be made at this meeting for the annual meeting and barbecue for the association.

## Man's Cause Called Secure

VATICAN CITY (AP) — Pope Paul VI says "Man's cause is not only not lost, it is secure."

"The unity of the world shall be achieved," he told a gathering in St. Peter's Square Easter Sunday.

But he decried "new wars," armaments, revolutions, social struggle and "doctrinal and disciplinary currents" within the Roman Catholic Church.

## Blockbusters Dropped by U.S. Planes

SAIGON (AP) — The U.S. Air Force has begun using 15,000 pound bombs on North Vietnamese troop concentrations, informants said today.

The blockbusters are usually used to blast out landing zones in the jungles for helicopters. But the informants said two of them were dropped today on heavy North Vietnamese troop concentrations near besieged Fire Base 6, in the central highlands near the Laotian and Cambodian borders.

It was the first time the big bombs had been reported used on enemy troops.

"In this case we were not as interested in putting in helicopter pads as we were in knocking out troops concentrations," said one informant.

Usually U.S. B52 bombers, which carry 30 tons of 500-pound and 75 pound bombs, are used on troop concentrations. They, too, made attacks today, one within a mile of Fire Base 6.

The 15,000-pounders were dropped from four-engine C130 cargo planes on pallets pulled out by drag chutes. A second parachute stables the bombs, which contain a high explosive mixture.

"They don't make any holes in the ground," the informant said. "You get a maximum lateral blast."

## Five Wrecks Investigated on Weekend

## Troops in War Below 300,000

SAIGON (AP) — American troop strength in South Vietnam has dropped below 300,000 for the first time in more than 4½ years, the U.S. Command announced today, and a field commander disclosed new tactics to compensate for the further cutback of American forces.

A weekly summary said a total of 296,500 American servicemen were in Vietnam last Thursday, a drop of 5,400 during the week. The total included 223,100 Army, 40,500 Air Force, 18,000 Marines, 14,800 Navy and 100 Coast Guard.

This was the smallest force since Aug. 13, 1966, when a total of 296,000 American troops were in the country. U.S. strength reached a maximum of 543,500 in April 1969.

President Nixon has ordered the American force reduced to 284,000 by the end of this month, and he announced last week that another 100,000 would be withdrawn by Dec. 1.

Lt. Gen. Michael S. Davison, commander of the U.S. 2nd Field Force, said a total of about 7,500 U.S. combat troops will remain after May 1 in his area, Saigon and the 11 surrounding provinces.

## Democrats Need Man for Big Overhaul

By CARL P. LEUBSDORF  
AP Political Writer

WASHINGTON (AP) — Democratic party officials are trying to decide who should be handed the potentially explosive job of considering a basic overhaul of the Democratic National Committee.

They also have to decide if such changes should be submitted to the committee or to next year's Democratic National Convention.

National Chairman Lawrence F. O'Brien is expected to meet later this month with Reps. Donald M. Fraser of Minnesota and James G. O'Hara of Michigan who chair panels on party structure and party rules, respectively to work out a way to proceed.

One possibility: a joint task force of members of the two commissions and other interested parties, including governors and state chairmen who recently demanded a bigger say in party affairs. The National Committee consists of 110 members—two each from the 50 states, the District of Columbia and four territories. Thus, the Canal Zone has the same voting strength as New York or California.

from loudspeakers, broken only by quotations from Mao's little red book.

Kwangchow, as the Communists call Canton, was a metropolis of 3 million glimpsed on the way to the airport. It was in holiday mood with thousands strolling the streets.

The cradle of Sun Yat Sen's revolution 50 years ago, it has a memorial to Sun on wide Chungshan Road, an institute for the peasant movement topped by a huge torch painted red and a vast People's Park containing six artificial lakes for boating, two swimming pools and numerous pavilions.

Rows of chien chen trees on Kwangchow's outskirts give the city a French provincial air, a Gallic impression heightened in the countryside by pine trees lining the highways.

Bicycles, an occasional pedicab—a three-wheeled bicycle taxi—and pedestrians filled the streets. There were a handful of cars and some crowded buses. Our car wove through the maze, the driver horn honking imperiously.

At the new airport built four years ago, we newsmen, four Western diplomats and a clutch of Chinese were the only passengers on the four-engine Ilyushin 18 held over from its usual 2 a.m. departure for us.

The last thing we saw when we took off at 5:15 p.m. was Mao smiling up at us from an enormous portrait in front of the airport building.

Inside, a smaller picture faced us and a printed quotation: "People of the world unite and defeat the U.S. aggressors and all their running dogs."

An apple-cheeked stewardess in pigtailed moved up behind me, raised her hand and brought it down smartly next to my ear—a small aggressor died instantly beneath her fly swatter.

Our plane landed in Peking at 8:45 and we trundled into the capital by bus down wide, tree-lined avenues to our hotel, the New Bridge of Hsin Chiao, where the U.S. table tennis team also is staying.

The 15 members of the team, officials arrived in Peking Saturday night and spent much of Sunday sightseeing about the city's streets.

Sunday night the All-China Sports Federation gave a reception for the team, and expressions of friendship were exchanged.

"The Chinese people and the American people have always been friendly to each other," Li Ching-chuan, a leading member of the sports federation, told the Americans. "We express our good wishes for the American sportsmen and people."

Graham Steenhoven of Detroit, president of the U.S. Table Tennis Association, replied: "On behalf of all Americans, I thank you from the bottom of my heart."

# See No Change Resulting From Calley Case

WASHINGTON (AP) — President Nixon's communications officer says he doesn't think the President's decision to intervene in the Lt. William Calley case will affect the military judicial process.

Calley, the Army officer convicted and sentenced to life imprisonment for the My Lai massacre, was freed from the stockade and confined to his quarters on Nixon's orders.

The President also announced he would review the Calley case after military appeals are ended.

Communications Director Herbert Klein said Sunday he doesn't feel either order will sway military review boards looking into the Calley case. And he added that Nixon hasn't decided what to do after the appeals are ended.

"If you look very carefully at the President's statement, he indicated nothing in terms of what his decision will be and I am sure he doesn't know himself," Klein said.

Klein was interviewed on the CBS-TV program "Face the Nation."

Klein also said the presiding military judge has spoken publicly in favor of Nixon's actions although the prosecutor wrote the President a highly critical letter.

Asked if Nixon had replied to either man, Klein said "to the best of my knowledge, he has not."

In relation to the recent subpoena by a House committee of CBS's records and notes on its documentary, "The Selling of the Pentagon," Klein said if he returned to newspaper editing, he probably would refuse to hand over reporters' notes unless national security was involved.

Meanwhile, North Vietnamese troops shot down an American helicopter 90 miles south of Da Nang Sunday, then ambushed an infantry force trying to reach the survivors. The U.S. Command said 11 Americans were killed and eight were wounded.

Enemy losses were not known.

"The helicopter must have been on a visual reconnaissance mission, took ground fire and went down," said a U.S. spokesman.

"Ground troops were sent in on a search-and-rescue mission and the enemy apparently headed the same way for the helicopter."

Perhaps 100 to 150 men from the 11th Brigade of the Americal Division were in the rescue force.

The North Vietnamese lying in the jungled hills ripped into the lead column with rocket grenades and small arms fire. U.S. Helicopter gunships, fighter-bombers and artillery broke up the attack.

# Steed Meets Governor on Prison Issues

CUMMINS PRISON FARM, Ark. (AP) — Acting Correction Commissioner Bill Steed says he and Gov. Dale Bumpers met recently, but their discussion was confined to prison philosophy.

Steed said Saturday night that the matter of naming a successor to Robert Sarver, who was fired as Correction Commissioner almost two weeks ago, was not discussed when he met with Bumpers Thursday.

Sarver has said several times that the Correction Board could find no better man for the position than Steed. However, Steed has said he does not want the job on a permanent basis.

He said that since heading the prisons for two weeks he was "probably more firm" in his decision not to seek the commissioner's job.

"I feel I can make a contribution to the prisons, but not in that high of an administrative position," said Steed, who was superintendent at Cummins Prison Farm before being named acting commissioner.

Steed said that during his talk with Bumpers, the governor did not criticize the prison but did tell him "we are under pressure to make a showing."

Copeland contended that the indictments should be thrown out because Huff had called the grand jury into session, had charged the jury on the law of criminal libel, and had appeared as a witness against Copeland.

The Supreme Court ruled in that case that a judge should not preside when he has an interest in the outcome of a case, and also would be prohibited from participating when any of the parties was related to him.

## Television and Radio

By CYNTHIA LOWRY

AP Television-Radio Writer NEW YORK (AP) — Jean Shepherd, who has been reminding about his Midwest boyhood for years on New York radio, now is doing it on a national television network.

"Jean Shepherd's America," on the public broadcasting line-up, had its premiere Sunday night, a half hour in which the narrator, off camera, recalled sights, sounds and experiences when at 17 he worked in a steel mill. As he talked, the screen was occupied by the operations of a contemporary steel mill.

The star talked of the excitement of buying a pair of safety shoes and getting a new hard hat. He recalled a fall, dislocating both shoulders, from a stair high above the mill. Meanwhile, the viewer with a color set saw fascinating film, ribbons of molten steel flowing in designs that often looked more like art than industry.

It was a novel approach—a commentary used as counterpoint rather than explanation of the pictures. And it was very interesting.

NBC's Edwin Newman, who seems to handle well all sorts of odd jobs around his network's news department, has in recent months been presiding over an early Sunday evening show called "Comment," a sort of guest editorial spot.

Last week there were some assorted viewpoints on Vietnam. This week, former presidential press secretaries and Herb Klein, president Nixon's communications director, presented views on White House press relations.

Pierre Salinger, John F. Kennedy's press man, talked of the credibility gap and touched on problems created by pictorial coverage of news. George Reedy, President Johnson's aide, suggested that presidents tend to blame the press for bad news, citing the legend of Peter the Great strangling the messenger who brought him news of a defeat of his troops. Klein defended President Nixon's policy, approved an "adversary relationship" between government and press and maintained the public is getting more news today than ever before.

# Beauty Follows Fashion

By JOYCE GABRIEL

NEW YORK — (NEA) — Spring is the season for new beginnings and fashion and beauty comply with a new, softer, more feminine look. The hemline tug-of-war has ended with skirt lengths lying slightly above, at, or just below the knee—the lengths that fashion's First Lady, the late Coco Chanel, prescribed as most flattering.

Using the "total look" philosophy, beauty follows fashion with hairstyles and make-up that pack a sophisticated punch. The look goes from the top of the head to the tip of the toes.

### HAIR

Hair is shorter with waves at the cheek and on the shoulder replacing long, straight, un-doctored locks. Curls are bouncy, soft, lively, but never boisterous in medium and medium-short lengths. The chignon, that highly sophisticated hairstyle, is still here for the woman who wants her locks and her look contemporary.

A pin curl set provides the curls and hair tape and curling irons make waves and frills. A body permanent helps keep curls and waves in shape and conditioners give hair its healthy shine.

### EYES

Eyes that get a second glance start with thin, finely shaped brows that arch at the center, then fall for drama. A subtle highlighter under the brow—have you tried palest pink?—emphasizes its arch and provides contrast for the smoldering colors of spring's eye shadows. No white highlighter for spring—a pastel makes the look softer, more inviting, never brash. Mascara opens the eyes wide for that "who me?" innocent look that is part of the vamp's bag of spring tricks.

Eyeliner is still passe. It is not subtle enough for the "Come on, but not too fast" look of the sexy 1930's eyes.

### SKIN

Skin—clear, blemish-free, squeaky-clean and silky-soft—is more important than ever.

Hypo-allergenic and medicated skin treatment kits provide the base for healthy skin operations. Lauder's Clinique products maintain that healthy glow and Yardley's new Shine-Stopper line features hypo-allergenic, medicated oil-free make-up and treatment products that clean up skin, get rid of blemishes and make them stay away.

The sun-kissed look that carried us through last summer and into fall and still appeared in winter is replaced by a more startling contrast of face coloring.

Foundations go lighter for the look of skin too delicate for the rays of the sun and pink, red and peach cream

reminded me of my own "wonderful, strong, handsome husband" who "isn't normal." He too has skydived, but he prefers mountain climbing or shooting rapids in a kayak.

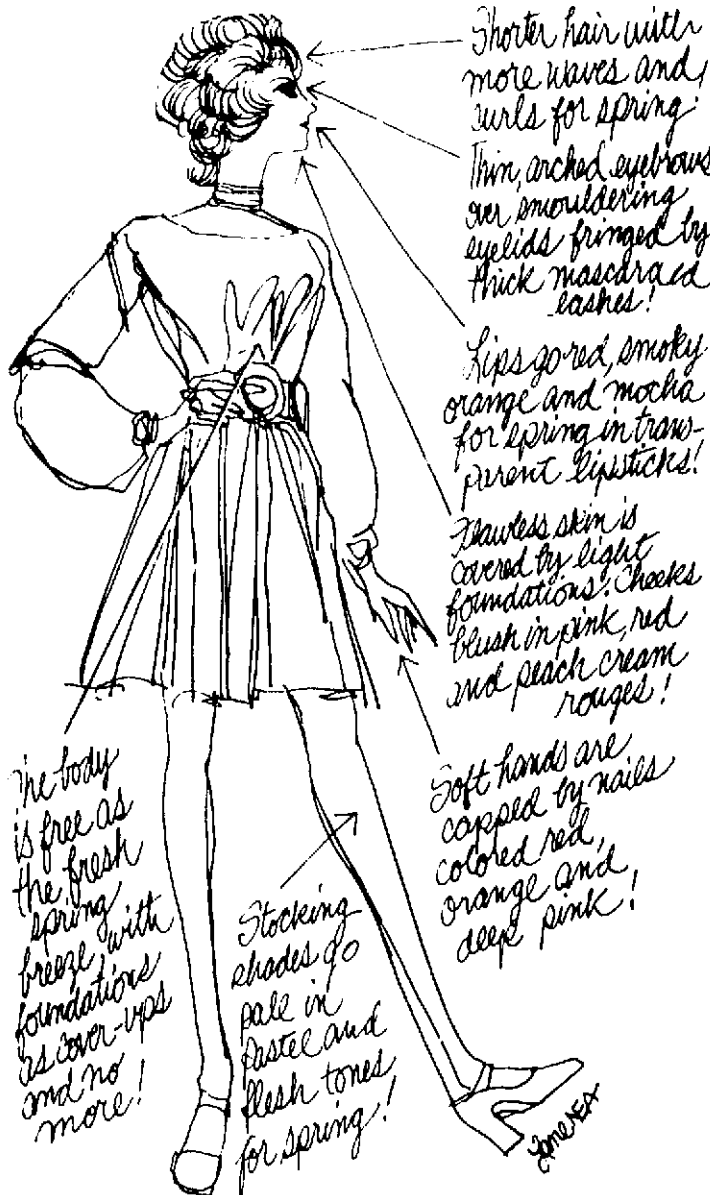

No, my husband isn't normal. He's something very special, not a parasite who is satisfied with watching life via TV. Bob must experience the pain, the hardship and the exhilaration for himself, and I am proud of him.

I'm afraid this worried writer is in for much heartache. She has a lion on her hands whereas all she wanted was a big, cozy, overweight hamster. Surely she knew she was marrying a sports nut. If she tries to change him now she will either smother him, drive him crazy, or away. My advice to her is:

1. Accept what your husband does and try to understand why he enjoys it. I am neither strong nor brave enough to climb mountains, but I can see why HE likes to.
2. Do NOT make him feel guilty. He'll begin to resent YOU.
3. Listen with interest as he relates his adventures.
4. Pray you will live as long as he does, though he may be healthier, having enjoyed a fuller life.
5. Love him now and always for the man he is, and not as a reflection of what you wish he were.—KAREN

rouges—a la Yardley's Pot O'Gloss line—bring a virginal blush to ivory cheeks.

### LIPS

Lips are the focal point of spring's fashion face. Create a moue, then cover it in brown-red, purple-red, smoky orange or mocha. No fire engine tones—the look is deeper, sultry, not flamboyant but refined, sophisticated yet young and innocent. Create new lip contours (with special make-up that lets you change the shape of your lips to suit your mood) then cover them with lipstick that is vibrant in color, never heavy in texture.

### THE BODY

The body plays its unfettered and natural for spring with foundations providing a hint of support or a mere suggestion of cover-up, but no more.

The no-bra bras, in never-binding, eminently wearable no-care fabrics, are still here—and in technicolor. They are orange, purple, blue, red, art deco-printed—as well as pale pastel, black, white and nude. They allow spring's fashion fabrics to

caress the body with soft, fluid strokes of cloth.

Body stockings, camisoles and clinging slips work well under huggable spring clothes.

### HANDS

Hands soft as silk are capped by nails in vibrant colors. But don't match your polish with your lipstick. Look for contrast instead, with nail tones that complement that sexy mouth. Mocha, subdued orange, a hint or mauve and dusky rose are all good shades. And the polish, like the lipstick, is almost transparent in texture, never iridescent or heavy.

### LEGS

Legs follow the softer, more feminine look, with stockings shades that are pale where fall and winter's were dark. The look is sleek sophistication in sheer, clinging hose that caress the leg in pale pink, blue, yellow, off-white and beige tones. No plaques, stripes, plaids or patterns here, just a transparent package for beautiful legs.

## Charles Coody Destroys Jack's Dream

By HUBERT MIZELL  
Associated Press Sports Writer

AUGUSTA, Ga. (AP) — Golf fans can't call him "Charlie the Choker" any longer. Now it's "Champion Charlie."

Texas' handsome Charles Coody won the 1971 Masters Sunday and healed personal scars from his Augusta National collapse of 1969. He also destroyed Jack Nicklaus' dream of sweeping the Big Four championships this year.

"I was jittery from the first tee," admitted the man from Abilene. "Beating a great golfer like Nicklaus in the stretch is a big order for an average fellow like me."

Coody not only outgained the spitting Nicklaus, but withstood a stirring charge by 23-year-old Californian John Miller, the nerveless kid who was six under par after 14 holes Sunday and leading the Masters by two shots.

Charlie rolled in birdies on the 15th and 16th holes and made clutch pars on the final two to finish with a two-under-par 70 and a 279 total. Miller finally melted and settled for a 68 and 281, the same as Nicklaus mustered with a closing 72.

"My goofup in 1969 ate up my inside for two years," Coody said. "That's all over now."

The 33-year-old former Texas Christian University golfer finished bogey-bogey-bogey two springs back to hand the Masters title to George Archer.

Nicklaus' face mirrored his unhappiness. "I gave it my best, he said, forcing a smile, "but it wasn't enough. Charlie Coody will be a great Masters champion."

The former Dallas Open and Cleveland Open king, never a major winner before, drove into a sand trap on the 17th, but made a fine seven-iron shot to the green's fringe and chipped within 30 inches to save par.

"Sure, I remembered the messups of two years ago," he said. "I was determined not to live with two Masters failures like that. Now, I won't have to."

Coody earned \$25,000 for the victory, but that was minor compared to the fame that goes with winning the 35th Masters.

Behind runnersup Miller and Nicklaus were Gene Littler and Don January at five-under-par 283 on the 6,980-yard course.

Ken Still and Gary Player rallied with windup 69s to dead-lock Tom Weiskopf for sixth place at 284.

Defending champion Billy Casper was back in the pack with a 72 for even par 288, nine strokes poorer than the 279 he needed to tie Littler a year ago before winning the Masters in an 18-hole playoff.

Four-time champion Arnold Palmer never really made a run this time. His 73 on Sunday gave the 41-year-old millionaire a 289 total, good for a tie for 18th place.

Miller went for broke on every shot in his courageous charge. "He has no fear," said the youthful San Franciscan's best friend, Casper. "John said early this week that these Masters greens are easy to putt. Now he's proving it."

Miller said after it was over that he didn't expect to win the Masters in "my first time here as a pro. Jack Nicklaus is very unhappy trying for second. I'm delighted."

Nicklaus appeared to be tight before the final round began, saying little and pacing the locker room. He claimed his

## Bullets Pull Turnabout, Slam Knicks

By TED MEIER  
Associated Press Sports Writer

It was almost unbelievable what the Baltimore Bullets did to the New York Knicks.

Given up for dead by almost everyone after losing the first two games to the defending champion Knicks in their National Basketball Association playoff series, the injury-ridden Bullets executed an about-face Sunday and walloped the Knicks 114-88.

It was the worst drubbing the Knicks have absorbed since their 22-point locking, 135-113, by Los Angeles in last year's playoffs.

"If we play up to our potential with the players we have left we can still win," declared Baltimore coach Gene Shue after the Bullets had cut the Knicks' lead to 2-1 in the best-of-7 Eastern Conference final.

The Bullets, with stars Gus Johnson and Kevin Loughery still sidelined with leg injuries, can now even the series by winning the fourth game at Baltimore Wednesday night.

Form stood up in the NBA Western Conference final as the Milwaukee Bucks again trampled Los Angeles 91-73 for a 2-0 lead in their best-of-7 series.

The third game will be played Wednesday in Los Angeles.

The American Basketball Association playoffs resume tonight with Kentucky vs. the Floridians at Miami and Utah vs. Indiana at Indianapolis. No games were played Sunday.

Led by Earl Monroe's 31 points and Wes Unseld's 26 rebounds, the Bullets virtually blew the Knicks off the court in the second half at Baltimore.

New York coach Red Holzman cleared his bench after the Knicks fell behind by 34 points.

Veteran Wilt Chamberlain outplayed the youthful Lew Alcindor but the Lakers couldn't overcome the all-around teamwork of the Bucks at Milwaukee.

Big Wilt was the game's high scorer with 24 points and dominated both boards. Alcindor led the Bucks with 22 points.

With the Virginia Squires waiting to tackle the winner, the Kentucky Colonels can wrap up their ABA Eastern Division semifinal by beating the Floridians tonight.

The Colonels took a 3-2 lead in the series by whipping the Floridians 118-101 Saturday, the same night Virginia won the other semifinal from New York, 4-2, by defeating the Nets 118-114.

problem was just the opposite. Coody knew his last chance for victory was on the 520-yard 15th hole, guarded by a creek and framed by thousands of fans.

Coody ripped a three-wood to within shouting distance and then pitched a wedge to within nine feet, holing the birdie and tying Miller for the lead.

"I started my downfall on the 16th in 1969," said Coody. "I made a bad club selection that time and never got on track gain. This time, the six-iron was perfect and I made a birdie."

## Reds Bullpen Ace Is Not Doing Well

By HAL BOCK  
Associated Press Sports Writer

If you think the Cincinnati Reds are off to a bad start, consider the plight of Wayne Granger, their ace relief pitcher.

The Reds, defending National League champions, have played four games so far in this young season and they've lost them all. They've called Granger out of the bullpen three times—yep, you guessed it—their No. 1 fireman is 0-3.

When you consider that Granger made the trip from the bullpen 67 times last season it opens all sorts of ominous possibilities.

Granger took it on the chin again Sunday when Jerry Grote rocketed his first pitch of the inning into the left field seats for the only run in New York's 1-0 victory over the Reds. On Saturday, Granger's two-out bases-loaded wild pitch in the 11th inning allowed the Mets to score the winning run and started his lost weekend.

In other National League action Sunday, Philadelphia shelled Montreal 11-4, Atlanta trimmed Pittsburgh 3-1, San Diego whipped Los Angeles 9-7 and St. Louis split a doubleheader with San Francisco, winning 4-2 before losing 7-2.

In the American League, Minnesota shut out Chicago 6-0, Milwaukee blanked California 3-0, Cleveland rapped Boston 7-2, Kansas City shelled Oakland 10-5, New York split a doubleheader with Washington, winning 1-0 and losing 4-3 and Detroit split a pair with Baltimore, winning 5-4 in 11 innings and then losing 9-3.

Granger was the fourth pitcher used by the Reds against the Mets with Greg Garrett, Milt Wilcox and Clay Carroll matching shutout serves with New York's Tom Seaver for the first nine innings.

Seaver left for a pinch hitter in the bottom of the ninth and Tug McGraw took over in the 10th and was the winner when Grote connected.

The loss left the Reds, who spent only one day out of first place all season, buried in the NL West cellar. Just one notch above them are the Los Angeles Dodgers, who fell victim Sunday to Nate Colbert's big bat.

Colbert walloped two home runs and drove in six runs as the Padres saddled the Dodgers with their fourth loss in six games.

The two homers gave Colbert five homers in six games and the big first baseman has driven in 14 runs. Colbert unloaded a three-run shot against Don Sutton in his first swing and then tagged Sutton for a two-run homer in his next at bat. He added his sixth RBI with an infield out.

Larry Stahl and Clarence Gaston also tagged solo homers for the Padres.

Willie Mays' home run streak ended but the veteran star belted a double and triple to drive in two runs in San Francisco's second game victory over St. Louis. Juan Marichal earned the victory, disturbed only by consecutive homers by Joe Torre and Jose Cardenal.

Mays, who homered in each of the Giants' first four games, sat out Sunday's opener and Bob Gibson limited San Francisco to six hits to gain the victory. Ted Sizemore's two-run single keyed a three-run Cards' rally that put Gibson in Control.

Rookie Roger Freed rifled his first major league homer—a grand slam—and drove in five runs to lead the Phillies past Montreal. Freed rifled the first pitch from reliever Howie Reed in the fifth inning, breaking the game wide open.

Cesar Cedeño drove in three runs—two of them with a triple—and Don Wilson survived a rocky first inning as Houston whipped Chicago. Wilson allowed 10 hits—four of them in the first inning when the Cubs took a 3-0 lead. But Houston bounced right back with four runs in the bottom half of the inning.

## Pattin Gets 2nd Victory of Season

By HERSCHEL NISSENSEN  
Associated Press Sports Writer

Like the proverbial Hollywood starlet, Marty Pattin found the road to success in a drugstore and, as a result, water is a popular drink in at least one Milwaukee household.

Pattin, a 5-foot-11, 180-pound right-hander, notched his second victory of the young season Sunday with a three-hit 3-0 blanking of the California Angels. That put the expansion Milwaukee Brewers atop the American League West with a 3-1 record.

After a 7-12 record and 5.60 earned run average with Milwaukee's Seattle predecessors in 1969, Pattin posted a 14-12 mark last season and lowered his ERA to 3.40. He credited a diet which requires at least eight glasses of water a day and helped him shed 15 pounds.

"My wife picked up this diet book at a drugstore," Pattin explained. "I guess they call it a water diet. You eat a lot of proteins and drink a lot of water. There is something about the water acting on the proteins to help keep the weight down. Anyhow, it seems to be working."

Elsewhere in the AL, Minnesota whipped the Chicago White Sox 6-0, Kansas City out-slugged Oakland 10-5, Baltimore dropped its opener to Detroit 5-4 in 11 innings but won the nightcap 9-3, Cleveland trounced Boston 7-2 and the New York Yankees split with Washington, winning 1-0 and losing 4-3.

In the National League, it was the New York Mets 1, Cincinnati 0 in 11 innings; Atlanta 3, Pittsburgh 1; Houston 7, Chicago Cubs 4; San Diego 9, Los Angeles 7; Philadelphia 11, Montreal 4 and St. Louis 4, San Francisco 2 in the first game of a twin bill and San Francisco 7, St. Louis 2, in the nightcap.

Pattin got the only run he needed against California in the first inning when Dave May doubled off Tom Murphy and scored on a single by Andy Kosco. Singles by Ellie Rodriguez and Ted Kubiak wrapped around a wild pitch accounted for a run in the second and Bernie Smith homered in the eighth.

Jim Kaat, a good hitting pitcher, scattered 11 hits as the Twins blanked the White Sox. He also collected a single and double, drive in two runs and scored one while boosting his lifetime mark against Chicago to 26-9.

Kaat put the Twins ahead in the third when Jay Johnstone lost his fly ball in the sun and it fell for a double. Kaat scored on Rod Carew's single and Carew came around when Tony Oliva's wind-blown fly ball fell in left field for a single.

Kansas City erupted for four runs in the first inning and went on to pound four Oakland pitchers for 15 hits. Loser Jim Hunter was tagged for first-inning singles by Freddie Patek, Joe Keough, Lou Piniella, Ed Kirkpatrick and Cookie Rojas and Paul Schaal's double.

Bob Oliver later homered and Bobby Knoop pinch hit a two-run double for the Royals while Rick Monday and Dick Green homered for the A's.

Just when was it beginning to look as though the Orioles might never lose a game, Bill Freehan's 11th-inning home run lowered the boom in the opener despite a homer, double and two singles by Brooks Robinson. The Birds then broke loose for five runs in the first two innings of the nightcap and coasted behind Dave McNally's seven-hit pitching.

Pitcher Alan Foster touched off a five-run rally with an eighth-inning double and Cleveland sent the Red Sox to their third straight defeat. Larry Brown was then hit by a pitch, Craig Nettles sacrificed and Vada Pinson's single scored Foster. The Indians added four more runs of a fielder's choice, bases-loaded walk, Eddie Leon's single and Gomer Hodge's pinch double.

## Giant Killer, Heroine in Swim Meet

By BOB MYERS  
Associated Press Sports Writer

PULLMAN, Wash. (AP) — There was no question today about who was the heroine and the giant killer in the 1971 National AAU Short Course Swimming Championships.

The heroine was 17-year-old Susie Atwood of Lakewood, Calif., who merely scored four first places during the four-day meet, and the giant killer was Frank Heckl of the University of Southern California, who won three gold medals and anchored the winning team.

Both Susie and Frank, a 20-year-old junior at USC, head the U.S. team selected to compete in swimming in the Pan-American games in Colombia in early August.

Such outstanding eligibles as John Kinsella, Gary Hall, Debbie Meyer, Mark and Nancy Spitz declined invitations to the Pan-Am. Most of them want to concentrate on the National Long Course Championships in Houston in late August.

Heckl's achievements during the four-day sessions at the Washington State University's new pool included:

A first over Kinsella in the 200-yard freestyle, a first over David Edgar in the 100 freestyle as both defending champions and American record holders met defeat, and a first in the 100-yard butterfly over Gary Hall and Spitz.

Miss Atwood's efforts were successful in the 100 and 200-yard backstroke, the 400-yard individual medley and, capping it all off Saturday night, first in the 200-yard individual medley.

New American records posted during the week were:

Miss Atwood, 100-yard backstroke 58.1.  
100-yard women's butterfly, Deena Deardurff, Cincinnati, 57 flat.

100-yard men's breaststroke, Brian Job, Santa Clara SC, 56.9.  
Second-yard men's butterfly, Gary Hall, Indiana, 1:48.4.

200-yard women's breaststroke, Lynn Colella, Seattle, 2:21.9.  
400-yard women's medley, Lakewood, Sue Atwood, Kim Brecht, Bonnie Adair, Linda Kiddie.

800-yard men's freestyle relay, Southern Cal, Kim Tutt, Mike Weston, Roger Lyon, Frank Heckl, 3:02.8, equals the listed American record. USC has a 3:02.2 pending.

# Killer Part of Baseball Season in SWC

By THE ASSOCIATED PRESS  
Texas A&M coach Tom Chandler says his league-leading Texas Aggies are going into the killer part of their Southwest Conference baseball schedule now—Texas Tech, Texas Christian and Texas.

Texas Tech, the closest team to the Aggies in the conference standings with a 7-2 record, could unseat the Aggies this weekend with a sweep of their three-game series at College Station.

"It's crucial," said Chandler of the upcoming series. "Texas Tech has a fine team."

The Aggies have swept series with Baylor, SMU and Rice for a perfect 9-0 conference standing and now comes the tough ones.

"We play the top three teams now," Chandler said. "Our work is cut out for us and we know we'll be challenged. We have a balanced ball club and we'll go just about as far as our pitching takes us."

While Tech tries to unseat the Aggies, SMU is at TCU and Baylor is at Rice in other conference series beginning Friday. Texas plays at Houston Friday.

A twinbill between Mississippi State and Arkansas is the only action slated today.

The heavy hitting Aggies will take a .335 team batting average into the Tech series, led by leftfielder R. J. Englert, who is hitting a whopping .463 in conference play. Chandler has nine players hitting above .300.

Chandler said healthy hitting and a sturdy bull pen has helped the Aggies compile their 24-3 season record.

Senior Paul Czerwinski and junior Bruce Katt have started quite a few games for the Aggies, but they've had trouble finishing what they started. Pat Jamison and Charles Kelley have been outstanding in relief, Chandler said.

The Aggies also will have major league prospect Dave Elmdorff back for the Tech encounter. Elmdorff missed 15 games after being struck in the eye with a hit ball.

## State Explodes Over Trinity

SAN ANTONIO, Tex. (AP)—Arkansas State University exploded for six runs in the ninth inning and defeated Trinity University 7-4 in a Southland Conference baseball game Saturday.

The Indians trailed 4-1 going into the ninth, but scored six times on three walks and four hits. Ed McLain contributed a three-run double and Larry Moffett drove in two runs with another double.

Righthander Charles Blackburn was credited with the victory, his fifth.

## Datsuns First and Second in Nairobi

NAIROBI (AP) — Japanese Datsuns arrived in first and second place at the road end of the East African Safari motor rally today, with the second car driven by Kenya's Edgar Hermann and Stuttgart's Hans Schuller favorites for over-all winner pending scrutineering.

Hermann and Schuller were last year's winners, also in a Datsun. First arrivals at Nairobi were Uganda's Shekhar Mehta and Mike Doughty, who are likely to take second place over-all.

The works team of the Datsun 240Z are likely to take the manufacturer's award for the third year in succession if the third car of Rauno Aaltonen of Finland and Paul Eastern of Britain finishes.

The official results are not expected until later this afternoon after scrutineering.

Hermann's existing lead over Mehta is only four points and a minor mechanical defect could cost him the title. But after Mehta arrived he was reported as saying he thought it unlikely that Hermann would lose any scrutineering points.

Hermann was born in Bavaria and now runs a hotel on the Kenya coast. He won the last Safari in a Datsun and was the leading private entry in the 1968 London-to-Sydney auto marathon.

## Coody Gives Credit to Green Pants

By WILL GRIMSLEY  
AP Special Correspondent  
AUGUSTA, Ga. (AP) — Ten-foot putts certainly helped, but Charles Coody also gave some credit to a pair of green pants, an English half-penny and a couple of sweet potato biscuits for bringing him the 35th Masters Golf Championship.

"I guess we're all superstitious in some ways," the tall Texan said after beating out Jack Nicklaus and young John Miller Sunday in the stirring final round.

"I may be more superstitious than most," Coody said he wore green pants not because they might match the famous Masters jacket, but because they had brought him luck on previous occasions.

"On April 11, 1969, I wore green pants and shot a 68, the low round of the day," he related. "On April 11, 1970, I wore green pants and shot a 67, low round of the day."

"On April 11, 1971, I decided to wear green pants again. I wasn't low for the day, but I was low for the tournament."

The new Masters king said he also has a habit of wearing a red sport shirt on the second round of every tournament. "It brought me luck once," he said, "so I do it now every Friday that I play."

For the last two years Coody has been marking his ball with a coin given him by his eight-year-old daughter, Caryn, the oldest of his three children.

"It's an English half penny," he said. "I don't know how much it helps, but I'm just superstitious that way."

Coody said he wouldn't have dared to go to the first tee Sunday without having two sweet potato biscuits," he added. "I ate two the first day when I shot that 66. So I kept it up."

## Black Hawks Just Never Slowed Down

By BRUCE LOWITT  
Associated Press Sports Writer  
There is rest for the weary—if what Chicago did against Philadelphia was really strenuous enough to work up a good sweat.

If that's the case, it's only because the Black Hawks never slowed down as they methodically smeared the Flyers all over the ice to sweep their best-of-seven National Hockey League quarter-final playoff series in four straight, finishing the job with a 6-2 romp in Sunday's nationally televised game.

That gave the Hawks, winner of the regular-season West Division title, the right to meet the winner of the series between New York and Toronto of the East—but it'll be a while before they get that chance.

New York's Rangers, outskated and outchecked by Toronto most of the way in previous games, came out flying Sunday night and whipped the Maple Leafs 4-2 to square their series at two games apiece.

That's the status of the other two series as well. The Boston Bruins, the defending Stanley Cup champions, rose Bobby Orr's three goals to a 5-2 triumph over Montreal. It was the first time since the NHL moved into the "modern era" of cup play in 1927 that a defenseman had scored a hat trick.

And Minnesota's Bobby Rousseau scored early in the third period to end a 112-minute drought for the North Stars, who then beat the St. Louis Blues 2-1 on Charlie Burns' 20-footer with about three minutes to play.

The three deadlocked series' return to their starting points Tuesday night with Toronto at New York, Montreal at Boston and Minnesota at St. Louis. The Black Hawks overwhelmed Philadelphia with 20 goals in the four games—but Coach Billy Reay said their defensemen, who limited the Flyers to two tallies per game, "were the key to the series. They kept the Flyers off."

He also had special praise for Jim Pappin, the Hawks' right wing sidelined by an illness for 22 midseason games. He made his presence known Sunday with three goals. Cliff Koroll added a pair.

The Rangers played what was easily their best game of the series. It was also the first time since 1958—a span of 15 games—that they had won a Stanley Cup game on the road. The difference, Coach Emile Francis said, was New York's scoring the game's first goal, "the first four goals for that matter. That's the cure for your ills in this series, that first goal. They did it in the first three games."

Bob Nevin, who gave the Rangers their first-period lead before Vic Hadfield, Dave Balon and Ron Stewart opened it up on the second session, agreed. "Before," Nevin said, "we were playing catch-up."

Darryl Sittler scored both Toronto tallies. Boston Coach Tom Johnson said the Bruins' contest was "a must game for us and we had plenty of scoring chances and didn't let up at any time." Orr called it "a great game to win and it means we're going back to Boston with a lot of confidence."

That doesn't mean I don't have a lot of emotion. It's mostly inside. "If I don't show emotion, it's not intentional. But if I tried to make it intentional, then I might start worrying more over that than I worry over golf."

## Key to Trav Season Is the Pitchers

LITTLE ROCK (AP) — Jack Krol, manager of the Arkansas Travelers, says the success of his team depends on the pitchers.

"I think we've got a good potential hitting ball club," Krol said Sunday. "I don't think we'll have any problems scoring runs."

"If the pitching holds up, this is a winning ball club," Krol said. "Pitching is inconsistent. You might have the best pitching on paper but you never know what's going to happen."

"Regular ballplayers play every day and they're pretty consistent with the job they do," Krol said. "They're out there every day. A pitcher may pitch three or four good games in a row and then fall flat on his face."

Krol says he believes he has four starters who can get the job done in the Dixie Association — Rudy Arroyo, Jackie Stripling, Ed Meredith and Steve Evans. Krol is counting on Dennis Daboll as a fifth starter and long relief man.

Arroyo is the youngest of the group at 20. Daboll and Meredith are the oldest at 24.

"This will be the first full year for both Arroyo and Stripling," Krol said. "But, ability and stuff, they're two of the best on the ball club."

The Travelers are carrying 12 pitchers, but are expected to cut two shortly.

Here is Krol's evaluation of the other positions:

CATCHER — Skip Jutze: "He was here last year and did a good job. He gets a lot of timely base hits. We'll be among the top of the league at that position." Mike McDonald who hit .286 in 41 games last year at Modesto is the backup catcher.

FIRST BASE — Phil Trombino: "He's a line drive hitter who is adequate defensively. He's never played at this level of baseball before so he'll more or less have to prove himself."

SECOND BASE — Tom Heintzelman: "His two years in the Army didn't hurt him. He's a real good ball player, the kind you don't worry about. You have to study Heintzelman closely to appreciate him. He's a kid who does everything."

SHORTSTOP — Mike Ramirez: "He sat on the bench with the Cardinals last year, but when he was in the Baltimore organization he proved he could hit if he played every day. Maybe some other club in our league will show up with a better combination around second base than Heintzelman and Ramirez, but I don't see how."

THIRD BASE — Kenny Reitz: "The only thing he doesn't do well is run. His big plus is the bat. He's basically a line drive hitter."

LEFT FIELD — Charlie Stewart: "He got off to a great start last year, but tailed off near the end of the season. He's got great speed. Everything he gets a single it's like a double, because he'll steal second base."

CENTERFIELD — Jorge Roque: "He did a heck of a job at Modesto for me last year. He's counted on as being one of the best prospects in the organization. He is one of the few righthanded hitters who had a chance to make the big club. He runs good and he throws good and he has good power."

RIGHT FIELD — Bob Wissler: "I really don't know too much about him. He was acquired in a trade with Minnesota. He showed in spring training that he's a good outfielder with a good arm. When he makes contact with the ball, he hits it real good."

Danny Napoleon, a favorite with Travelers fans, is back as a utility outfielder and helpful pinch hitter. Don Kirkland, who hit .266 in 104 games for Modesto last year, is the utility infielder.

The Travelers open their season Tuesday night with a three-game series at Shreveport and then return to Little Rock for the home opener Friday against the same club.

### 4. Notice

**BEHIND EVERY SUCCESS STORY IS A MAN WHO GRABBED AN OPPORTUNITY!!**  
And here's that opportunity! Ull Snack Shop vending machines.  
A proven winner in the growing \$5 billion a year market. One of the few "markets" left where the independent operator does the lion's share of the business.  
Ull Snack Shops are a proven business opportunity, with a proven line of nationally famous brands of confections that sell themselves. If you can invest as little as \$600 to \$1500 and 10 hours a week in your own car to begin, you can build a business. Your income is commensurate with your desire to succeed through hard work and conscientious service.  
You need no experience. We make no personal sales calls. We will train you, counsel you, and secure your locations. You service them, and earn the profits yourself.  
If you're interested in improving your income and your life style, fill out the coupon below.

## 23,300 Vega Minicars to Be Checked

DETROIT (AP) — Owners of some 23,300 General Motors Vega minicars have been asked to bring them in to dealers for correction of mechanical defects ranging from possible faulty chokes to noisy windshield wipers.

A GM spokesman said none of the defects represented a hazard and all occurred on Vegas produced prior to the United Auto Workers strike last Sept. 15.

Five possible defects will be checked and repaired by dealers at no cost to car owners, GM said.

Metal brackets on the rear seat of the Vega coupe and station wagon will be replaced with a vinyl bracket to avoid possible damage to car seats by rubbing.

A new choke lever and shaft will be placed in cars to correct ones that could become loose, jamming the choke mechanism.

A new windshield wiper transmission with a different nut will replace possibly cross-threaded nuts installed earlier.

Also being replaced are gas caps, while the fuel tank filler neck sealing area will be repaired on some cars to prevent fuel spillage.

A stud holding the rear shock absorber will be cut on some vehicles to correct insufficient underbody clearance, a condition that caused some Vegas to catch in automatic car washers.

Some 150,000 Vegas have been produced. A GM spokesman said the defects had been repaired on those made since production resumed in December.

## Scott Probed Because of Baker Case

WASHINGTON (AP) — Senate Republican Leader Hugh Scott says a former attorney general attempted unsuccessfully to uncover irregularities in his income tax returns because of his role in the Robert G. Baker case.

Baker, former secretary to the Senate Democrats, now is serving a sentence for income-tax evasion.

Scott, R-Penn., did not identify the attorney general. Robert F. Kennedy was attorney general when the Baker case first broke but Ramsey Clark held the office during the period when it was most in the news.

Scott made his remarks in the ABC interview program, "Issues and Answers," recorded for radio broadcast Sunday.

The allegation came when Scott was asked if he favored tighter control of the FBI by the attorney general. He replied:

"I think it is just as well we had a certain independence. I know that when one attorney general was busy investigating my income taxes because I was too incisive in my charges in the Bobby Baker case, that I was very thankful for the FBI, which was prepared to investigate and, I believe, assert my integrity."

Incidentally, I not only didn't end up paying a penalty, I ended up demanding a review and getting \$3,000 of my income taxes back," he said.

Billy Anderson, Service Technician for Sears in Hope, receives the No. 1 Service Technician Award for 1970, for District Three in the Memphis region. Making the presentation is Wayne Gambill, District Service & Installation Manager.

Mr. Anderson was also given a dinner in his honor Wednesday night. Attending were all employees of the local Sears store; H.E. Archibald, District Manager; H.K. Wilson, District Sales Manager; Ray Dalrymple, District Service & Installation Manager; C.D. Johnson, Memphis Region Property Manager and Mr. Gambill.

## Eight Persons Meet Death on Highways

By THE ASSOCIATED PRESS  
Eight persons were killed on Arkansas' highways during the Easter weekend. Six of the victims lost their lives in double fatality accidents.

The Associated Press fatality count period began at 6 p.m. Friday and ended at midnight Sunday.

State Police said that Albert L. Pratt, 16, of Neelyville, Mo., was killed Sunday night, two miles south of the Missouri-Arkansas border near Corning.

Officials said he was a passenger in a car driven by his brother, James L. Pratt.

Pratt told police he was following another car on a gravel road when the accident occurred. He said the car was stirring up dust and he lost control of his car because he could not see.

Four other deaths were also recorded Sunday.

Police said Hoyt Horn, 29, and Hersell Terherst, 23, both of Green Forest, were killed Sunday. Officials said Terherst lost control of his car on Arkansas 103, about nine miles north of Berryville.

Dale Williams, 33, of Mammoth Springs, was killed Sunday when the pickup truck he was driving crashed on Arkansas 9 near Salem.

Officials said Aaron Hicks, 23, of El Dorado died Sunday in an El Dorado hospital of injuries he received Saturday in a one-car accident on Arkansas 15 about ten miles east of El Dorado. Barry Pepper, 23, of Lawson (Union County) died Saturday in that accident.

State Police said Raybon E. Camp, 37, of Benton and Guy P. Howard Jr., 26, of Benton, were killed Saturday morning in a two-car accident on U.S. 70 near Hot Springs. Officials said Camp's car apparently crossed the center line and struck a car driven by Howard.

## City Is Still Dirty After Cleanup Try

By HILMI TOROS  
Associated Press Writer  
ROME (AP) — A six-week campaign to clean up the Eternal City ended today. And the city is still eternally dirty.

Officials blanketed Rome with posters urging cleanliness. The match boxes everyone kept on throwing on the streets read: "Rome is also yours. Keep it clean."

All mail processed in the city was postmarked with the slogan. Newspaper, movies and television trumpeted it.

The Romans didn't change. And more than 100,000 visitors descended on the city for the Easter weekend, leaving behind their litter for this last day of the campaign.

Said the afternoon newspaper

Paese 'Sera: "The cleanliness of a city depends on the character of its population."

"We can appeal and campaign," said Mayor Clelio Darida, "but only Rome's residents can make it clean."

But Romans are incorrigible and traditional litterbugs.

They start the New Year by dumping any thing they want to dispense with—pots and pans, sinks for furniture—out of the window.

They carry on the in the same spirit the rest of the year. Bus riders drop their tickets the moment they get off. Children hurl confetti at carnival time. Demonstrators of all hues flood the large piazzas with leaflets.

One Roman said the city administration must share the blame.

"I put an ice cream cone in a litter basket," said Massimo Astolfi. "It fell right through."

## Premier Nol Returns to Homeland

PHNOM PENH (AP) — Premier Lon Nol returned today after two months under treatment in Hawaii, partially recovered from the stroke he suffered in February.

The 57-year-old general moved stiffly and was assisted by two male nurses as he appeared in the doorway of the U.S. Navy plane that brought him home. He walked down the ramp with difficulty and embraced Deputy Premier Siso-wath Sirik Matak, who has been heading the government.

Lon Nol will continue to rest for some weeks and will not resume his full duties immediately, Information Minister Keuky Lim said.

The premier looked several pounds trimmer than when he was felled by the stroke that paralyzed his left side. He left Phnom Penh aboard a U.S. Air Force hospital plane Feb. 13.

During Lon Nol's absence there had been a marked increase in political uncertainty and instability but his return is expected to ease this.

## Farkleberry Follies Set May 24-25

LITTLE ROCK (AP) — The Farkleberry Follies, a satire on people and politics, will be held May 24-25 at the Old West Dinner Theater in Little Rock. The announcement was made by Ralph Patrick of the Arkansas Democrat, president of the sponsoring Little Rock Chapter of Sigma Delta Chi.

This is the third biennial production of the show, which was sold out each night in the past. Tickets, which cost \$12.50 and include the cost of cocktails and a dinner, may be purchased for each night by check or money order to Farkleberry Follies, P. O. Box 1925, Little Rock.

## Challenges Military Spending

By CARL C. CRAFT  
Associated Press Writer  
WASHINGTON (AP) — Sen. William Proxmire, insisting "the charge of neo-isolationism hurled at those who advocate reform is badly misplaced," challenged today a wide range of military spending policies.

"In fact, if the military fails to reform, it may so endanger its own credibility as to bring about the very neo-isolationism it claims to oppose," the Wis-

consin Democrat added.  
"By reforming procurement, by reviewing our commitments, by taking a realistic view of the Russian and Chinese threat, by doing away with unneeded and overlapping weapons, and by limiting the expansion of our nuclear strategic terror," he said, "we could make great savings in the defense budget without endangering our security."

In remarks prepared for a meeting of the Coalition on National Priorities and Military Policy, a group of some 30 representatives of various trade-unions, church and social action groups, Proxmire called for:

—Halving the size of the American force in NATO: "We should continue to provide the nuclear umbrella for the defense of Europe, but the Europeans should provide most of the manpower. It is time to Europeanize NATO as it is time to Vietnamize the Asian war."  
—Reducing spending on strategic nuclear weapons, which he said currently is \$18 billion annually. A cut to \$14 billion a year could still give some 7,600 weapons, increasing "to 19 times the number needed to inflict an unacceptable level of damage on the Soviet Union or to destroy 30 per cent of her population and 76 per cent of her industry. Isn't that enough?"

—Reforming the military procurement system: "There is scarcely a major weapons system developed over the last two decades which was delivered on time, performed according to its specifications, and which cost what it was originally estimated to cost."  
—Saving \$2.4 billion a year he said is being spent on the National Guard and Army, Navy, Marine and Air Force reserves: "If the National Guard and reserve are not ready for an emergency, they should be disbanded. . . . If they are ready for an emergency, then the \$2.4 billion could properly be saved from our regular

Monday, April 12, 1971  
forces."  
Proxmire questioned the need for the planned B1 manned bomber, saying, "Present aircraft with standoff weapons can adequately perform the same mission."  
He accused the Defense Department of waste in its airborne warning and control system, and the antisubmarine warfare program.  
Proxmire called carriers "sitting ducks for modern missiles."  
Proxmire called for cuts in the Navy's F14 fighter plane and the Air Force's F15, costing an estimated \$16.6 billion, and said it may be possible to settle on one less sophisticated plane for both missions.
